

Way to
go, Dennis!

Schneider Homes, Inc.
6510 Southcenter Blvd.
Suite 1
Tukwila, Washington 98188

To Whom It May Concern:

My name is Bev Tweddle and I am an elected commissioner for the Lakehaven Utility District. In this position I've had several occasions to interact with Dennis Alfredson in matters involving sewer and water charges for Schneider Homes developments occurring in the district.

While we have often had differences in opinions on the application of various district policies, I have found Mr. Alfredson to be a very knowledgeable client and worthy opponent. I have much respect for informed dissent and civil written and verbal exchanges. After 40 plus years working in the public sector, I believe I can assert with some authority that Mr. Alfredson's level of competence in the engineering field and areas of assessments, connection charges and all sorts of fees levied by government is among the best I've encountered.

I'm taking the time to share this view with you because I believe superior work needs to be recognized.

Thank you for letting me express myself.

Sincerely,

Beverly J. Tweddle
